

AROUND the TOWNSHIP

Recognition of Niles, California, came this week with receipt of a request from the Daily News of Detroit, Mich. for 100 pieces of literature concerning this vicinity. Secretary Petsche of the chamber of commerce fulfilled the request.

The effects of that literature may be far reaching in acquainting prospective home or industrial site seekers with the advantages that are offered here. It's the crumb of bread cast up on the waters.

If there's anything speedier than Old Man Pheasant scotching through a cauliflower patch, it is quail going through the same maneuvers. Take it from some local nimrods who hit the field with the rising of the sun on Monday and have been at it ever since.

Others had luck, however, as the family table menu has revealed in homes of the township.

The Development Commission of Alameda County has just informed The Register that the county won a large share of the first prize awards for various products exhibited at the recent California State Fair and Los Angeles County Fair.

"Without the great assistance of the newspapers, the populace would not be cognizant of the achievements of Alameda County at the several fairs," says the letter.

"Your publication has done much to carry the news to the readers throughout the length and breadth of Alameda County."

That's the kind of "brickbats" we like to receive, Mr. Armstrong.

Officials of the State Department of Employment at Sacramento were somewhat amazed recently when they received a registration form from a Southern California employer who hires four or more persons. Answers to questions on the form were:

1. When did you commence business?
2. From whom did you purchase it?
3. His address?
4. "He's left the country!"

Wonder what line of business this fellow is in? Some one must have taken him "snipe hunting" when he was a small boy. Shall we give him a "break" and invite him to Washington Township?

Livermore Is

Swamped By Husker Eleven

By John Berchem

The Washington Hi Huskers proved that they were good mudders by triumphing over Livermore in the Armistice Day classic to the tune of a 21-0 score.

The first score of the game came in the first quarter and was made by Rivers, Husker fullback. Behind beautiful blocking Rivers, on an off tackle slant, went 35 yards to score. Not a Livermore man was able to lay hands on him because of the perfect blocking. With the rain pouring down in torrents Rivers tried to convert but the ball being slippery just shied off the side of his foot.

There was no score in the second quarter, because neither team could get going in the rain. Remarkably enough during the entire game, Washington only fumbled twice. Just before the first half ended the rain stopped and the sun came out bringing people from their cars into the bleachers.

As the second half began the entire Washington rooting section began to look for "Coach" Taylor's pass play. Seeing that Kakimoto, the swiveled hip Senior, was not on the field they began yelling for him. Kakimoto went into the game, and the Livermore defense began to look for the trick play.

There was a try at the right side of the line, that gained two yards. The neat play was it. Kakimoto began to run wide and suddenly stopping, hefted a 30 yard pass to Bud Mellow who went over to score. Remarkably enough this trick pass play has been used exactly four times and has produced four touchdowns. What made it so hard for Livermore to take it is that Livermore had the play scouted and still was unable to stop it.

On a bad pass from center, Livermore was again put in the hole when the ball rolled into the end zone and Alviso, Livermore triple threat back was downed hard by Cy Solon and Elwin Gaunt.

Facing certain defeat the Cowboys turned to the air but their aerial attack was stopped cold. Boyce an up and coming Freshman produced a score from Livermore 6 yard line by virtually walking through the line. Not a man laid a hand on him.

Washington plays Campbell this Friday and has the S. C. V. A. L. Championship sewed up.

Stove Company Adds Building To Newark Plant

NEWARK—A \$35,000 steel reinforced concrete building is being constructed at the Graham Manufacturing Company at Newark and will be completed by the first of the year. Christensen and Lyons of Oakland are the contractors and about 100 men are employed. The new unit covers 16,000 square feet and joins the office building to the main plant which will now measure about 800 feet by 500 feet. The entire concern covers about eight acres of land.

This is the second enlarging program demanded by increased business of the Graham Manufacturing this year. Early in the spring a \$15,000 program increased the capacity of the enamel and assembly departments. New units are made earthquake-proof, equipped with automatic sprinklers and are modern throughout.

The Graham Manufacturing Co., was established in 1852. It employs about 395 men with an average annual payroll of over \$500,000. Practically all of these employees reside in Washington Township, a few in Eden Township. The company distributes all types of gas and wood heaters and stoves throughout the Pacific Coast states.

NILES ROTARY CLUB WILL HOLD CHARTER NIGHT AFFAIR DEC. 9

The Niles Rotary Club has become a reality, according to a telegram received by President C. W. Kraft. He was notified by District Governor Allison Ware of Chico that the petition of the local group has been accepted by international officers.

The Niles club has the distinction of being the first group chartered this year in District 105. Niles, also, is the only unincorporated town in California having a Rotary Club.

President Kraft states that plans are well formed for the presentation of the charter on the evening of December 9 at the Veterans' Memorial Building. The ladies of the Legion Auxiliary will serve the banquet.

The 17 members of the Niles Rotary Club will act as hosts to 350 guests from Rotary clubs of northern California, together with state and local dignitaries. Dr. Tully Knoles, president of the College of the Pacific, will be the speaker. H. J. Brunner of San Francisco will serve as toastmaster.

The Hayward Rotary Club is sponsor for the local club and with President A. L. Frager in charge of the committees, the affair promises to be a highlight in local club activities.

LAST RITES CONDUCTED FOR HEAD OF SANTA CLARA INFIRMARY

IRVINGTON—Funeral services for Brother Anthony Pereira, 60, of the Santa Clara University were arranged here this week by the Berge Mortuary. The deceased, a member of the priesthood for the past 42 years has had charge of the Santa Clara infirmary for many years. He also assisted with library work.

He was the son of the late Mr. and Mrs. John Vargas Pereira and the brother of Brother Joseph Pereira, S. J., of Los Altos. Manuel and Joaquin of Irvington, and John of Centerville and the late Andrew. He passed away at O'Connor's Sanitarium in San Jose Tuesday morning after an illness of six months.

Services were held at Santa Clara Mission Church, mass being said yesterday morning and interment at the Santa Clara Catholic cemetery.

NILES—A proposed co-ordinating council made up of representatives from all local organizations interested in youth welfare was discussed by A. J. Rathbone, principal of Washington Union High School, at Monday's meeting of the Centerville Welfare Club at the home of Mrs. F. V. Jones.

The club approved the idea and appointed Mrs. W. L. McWhirter as its representative. Mr. Rathbone suggested that the council would meet at the high school once a month at luncheon and discuss various problems dealing with youth welfare in the township.

Other groups which will be asked to be represented in this council will include the Boy Scouts, Campfire Girls, Country Club, Men's Club, health department, Juvenile Court representatives, law enforcement officers and others.

A similar set-up is now in force in Berkeley, Oakland and other cities but as far as is known no such organization yet exists in a union high school district.

It is expected that the first meeting of the council will be held in January.

Plans for Christmas cheer for children in foster homes sponsored by the Welfare Department were made at the club meeting. Mrs. O. E. Walpert and Mrs. W. L. McWhirter were appointed to purchase gifts.

The next meeting of the club will be held at the home of Mrs. McWhirter on Dec. 13, at which time gifts purchased for children in Washington Township and those for other welfare children in the county will be wrapped. The local group has taken care of wrapping and tagging of gifts for all welfare children for several years.

Mrs. Grace Kormann, new welfare worker for this district, was present.

UNEMPLOYMENT CENSUS WILL BE CONDUCTED DURING NOV. 16 TO 20

Registration of unemployed and partly unemployed persons is being made during the period from November 16 to 20, inclusive, through local postoffices of the country which are cooperating with the administrator of the national unemployment census.

Forms are being delivered by rural carriers, left in postoffice boxes and made available at the general delivery windows in order to insure that every person receives one.

The forms should be filled out by persons now totally unemployed who are able and want to work, answering Questions 2a and 3 on the URC form; persons who are partly employed and want more work, answering Question 2b; persons who are working on a WPA, or any other emergency work project supported by public funds, Question 2c.

Housewives and unpaid family workers engaged in domestic duties, and unpaid family workers helping in the family business, store or on a farm, should not fill out the URC forms unless they are looking for other work for pay.

Full time students at high school or college ordinarily will not fill out the forms even though they are seeking incidental employment. However, if they are receiving NYA student aid, or are looking for full time work and expect to quit school when they find work, they should fill out and return the forms.

All forms must be returned to the postmaster or carriers by November 20.

LAY PRELIMINARIES FOR REORGANIZATION WORK AT HIGH SCHOOL

CENTERVILLE—High schools of similar size to the local one are being visited by Principal A. J. Rathbone and other officials in making a survey of administrative set-ups before formulating the new policy which is to determine reorganization in the school staff here.

Loss of the dean of girls and the principal's secretary is necessitating the reorganization, also the fact that the present set-up was made seven or eight years ago when the enrollment was around 300 instead of nearly 600 as at present.

After an explanation of these matters at last week's meeting of the board of trustees, it was decided to make no changes in the office until the next semester.

CLUB WILL FOREGO MEETING NEXT WEEK

NEWARK—The Women's Improvement Club of Newark will not meet next Tuesday because of nearness to Thanksgiving holidays. The next meeting will be held on Nov. 30 at the home of Mrs. Ed Costa.

State Highway Funds Not Available for Improving Canyon Bridges 'Til 1940

Men Suspected Of Silva Store Robbery Held

NEWARK—Six men were held in the county jail this week for investigation of a burglary which took place at the M. D. Silva store here early Saturday morning. Two of the men were picked up at Niles with two large sacks containing food, shoes and cigarettes. Four others were found at Newark, said to be implicated in the robbery.

Of the six, one had a long prison record, according to authorities and one was 89 years of age.

The two men arrested at Niles by Deputy Sheriffs Ted Adams and Dick Condon were Frank Clark, 44, and Charles Johnston, 38. Clark was said to have escaped from an army prison in Hawaii where he was held on a bad check charge and to have served time at Alcatraz.

He also served time in Leavenworth Federal Penitentiary on a federal auto theft charge, being discharged on Jan. 12, 1936. The four are Henry Ward, 47; William James, 53; William Sullivan, 63; and George B. Hamlin, 89.

Entrance was gained into the Silva store by breaking a side door. The burglary is thought to have taken place about 12:30 a. m.

Red Cross Roll Call Drive Is On In Township

NILES—Every family in Washington Township is being urged to enroll between now and Thanksgiving Day in the Washington Township Branch of the Oakland Chapter of the American Red Cross states Mrs. C. N. Myrick, township chairman.

Mrs. Myrick stresses the point that half of the \$1 fee is kept for work in the township, such as the four Home Hygiene Classes now being taught at Alvarado, Decoto, Irvington and Warm Springs Grammar Schools, first aid classes at the Washington Union High School, home-accident prevention work through the Junior Red Cross, veterans welfare and local relief.

Assisting Mrs. Myrick are the following chairmen: Alvarado, Mrs. E. A. Richmond; Decoto, L. W. Musick and Mrs. Amaral; Centerville, Mrs. Fred Rogers; Newark, Mrs. Ray Tresscott and Mrs. Sam Scott; Irvington, Mrs. Lee Williams.

EMBRYO SHERLOCK HOLMES REVEALED IN "WHO GOT THE PIPE?"

NILES—Button, button, who's got the button? Only, the question Deputy Sheriff Henry Vervais was asking was "Who got the pipe?" But a little expert sleuthing resulted in everybody's being happy about that 2500 feet of pipe that supposedly bold, bad thieves picked up in broad daylight along the Niles highway last week.

Some one noticed that the truck bore the name of the Warren Trucking Company of Hayward. Investigation proved that the Pacific Pipe Co., of San Francisco had instructed the Hayward firm to collect some pipe. None other being located, the truckers picked up what they saw, not knowing that it had been purchased by the Alameda County Water District. The District's officials were much upset when they came to get their pipe and found it missing.

However, everybody's satisfied now. The truckers trucked, the water district got its pipe back and the neighborhood in general is quite delighted that there are no bold, bad thieves in these parts, brave enough to cart off 2500 feet of steel pipe from a public highway right in the middle of the day.

NILES—Renewed efforts of the Niles Chamber of Commerce regarding the proposed improvement of the Niles Canyon road were discussed at Monday's luncheon meeting of the chamber, following a report by George C. Roeding that contact with the State Highway Commission at Sacramento indicated it would be 1940 before any work could be done. Officials stated that due to the 2500 bridges in the state in similar condition and only \$750,000 in the maintenance fund there would be little hope of construction here for another two years.

The chamber decided to sponsor a delegation to the commission at an early date, asking the cooperation of other civic bodies in Southern Alameda County in urging the highway department to speed up the work here or at least to place the Niles Canyon program as a "first item" for new work.

It was stated that December 8 had been set as the tentative date for the Chamber of Commerce dinner for Firemen and their wives at the Niles Grammar School.

Secretary A. J. Petsche was instructed to draw a resolution to be forwarded to the El Centro Chamber of Commerce in protest to a 10 percent reduction in freight rates on lettuce shipments to eastern markets obtained by Arizona shippers and similar reductions being asked on other perishable commodities. It was pointed out that the rate preference is working a hardship on California lettuce shippers.

Other chambers of commerce of the state are joining in the protest and the individual resolutions will be assembled at El Centro and forwarded to the interstate commerce commission and the California Railroad Commission.

The sneaker of the day was John C. Kimber, who gave a resume of the establishment and expansion of the Kimber Poultry Breeding Farm here during the 25 years of its existence.

JUDGING OFFICIALS NAMED MONDAY FOR SCOUT COMPETITIONS

All four troops of the township, including Niles, Decoto, Irvington and Centerville, will engage in the competitions for the cup presented by George Coit of Centerville, who is chairman of the court of honor. The cup was won by Centerville troop last year. The troop winning it three years consecutively, will become the permanent possessor. The public is invited to the rally and a court of honor will be held in conjunction, at which honor awards will be announced.

DEER CASE IS POSTPONED

NILES—The court appearance of George Christensen Oakland hod carrier, charged with killing an illegal deer near the Calaveras Dam was postponed in Justice court by Judge J. A. Silva Friday because Leo Sullivan, attorney for the defendant, was delayed by another trial in Oakland.

The case will be resumed at tomorrow afternoon's session here. It is expected that Sullivan and Deputy District Attorney Joe Schenone will present arguments at that time.

FORMER NILES MISS

HALL IN BERKELEY

NILES—The marriage of Miss Elizabeth Ruth Bunker, daughter of J. L. Bunker, elementary supervisor of Alameda County Public Schools, and Mrs. Bunker of Oakland, formerly of Niles, to Frank A. Ryder of Berkeley took place at Newman Hall last week. Three weeks ago the family celebrated another wedding there when Miss Loren Jackson became the bride of James G. Bunker. John Edward Bunker, brother of the respective bride and groom, served as best man at both ceremonies.

The recent ceremony was performed by Father Hoey of Newman Hall. The bridesmaid was Miss Melissa Wilcox and the ushers, brothers-in-law of the groom, were George Dallas and Richard Jones. Following the wedding, a reception for members of the immediate families was held at the home of the bride's parents at 3256 Wyman street. After a honeymoon being spent in the High Sierras, the couple will reside in Oakland.

The bride is a graduate of the Niles Grammar School and the Fremont High School in Oakland. She attended the University of California and for the past few years has been connected with the Oakland Playground Department. The groom is the son of the late Captain and Mrs. J. N. The wedding gown was of white satin, made Princess style with train. The finger-tip veil was caught with orange blossoms and the bridal bouquet was a shower of gardenias, bouvardia and cyclamen. The bridesmaid wore a gold brocade Princess gown and her flowers were Talisman roses.

ON TO SACRAMENTO

Most encouraging is the word that action on improvement of the Niles canyon bridges may be obtained by 1940. Encouraging, also, is the probability that something will be done immediately to assure that improvement will be forthcoming by that time.

Chamber of Commerce representatives and other interested individuals, 50 to 100 strong, calling on the state highway commission in session in Sacramento cannot fail to impress that body with the vital need of urgent action in the matter.

The arguments are sound. Common safety and crippled business are factors that ring with the right appeal. Forcefully presented, they will give the Niles Canyon road improvement the desired priority on the commission's list of bridge projects. It is highly probable, that with the new bridges, may come a completely new road.

An "On to Sacramento" caravan should be ready to move at any moment that the ear of the highway commission can be obtained. All towns affected by travel over the canyon road undoubtedly will be willing to send a delegation. And, such a movement now will bring action later.

BEAUTIFUL NILES

The generous offer by George C. Roeding, Jr. to donate a plan, prepared by a landscape architect, for beautification of the highway entrances to Niles, should awaken a desire in the heart of every local resident to see the project an accomplished fact at the earliest possible date.

Such a transformation has unlimited possibilities. Certainly, it would be a large commercial asset during the approaching Golden Gate Exposition at San Francisco when this section of the state will be overrun with veritable hordes of tourists and sightseers, many of whom may be looking for location for home or business or both, not to mention the trail of dollars they might leave in their wake.

Climbing vines to screen unsightly views, ornamental shrubs with a sprinkling of blooming plants, ground cover flowers and perhaps a pepper tree row, would work wonders and forever would be a source of pride to the local citizen.

Should some Niles organization undertake the sponsorship, we feel sure the proper support would be forthcoming from the residents of the community.

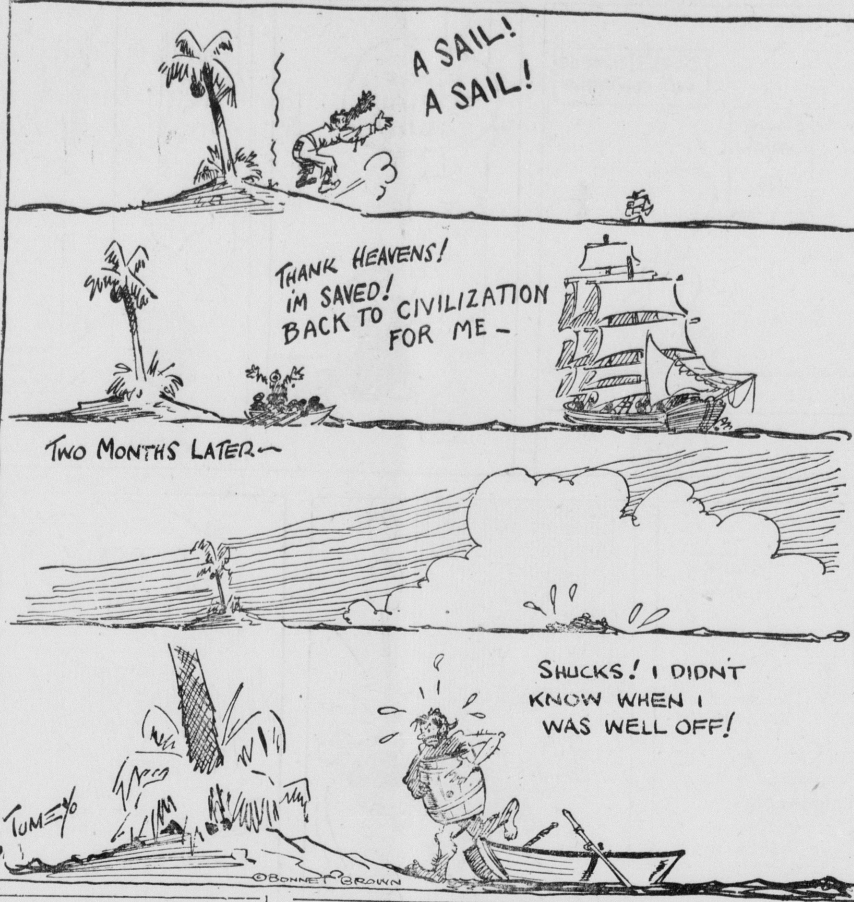

FOUND BLASTING CAPS CANNOT BE TRACED

CENTERVILLE—Mystery surrounds the loss of a package of blasting caps found on Baine avenue by John Gronley on Nov. 9 and delivered to Deputy Sheriff Tom Silva. Where they came from, who lost them and what they were to be used for are three questions yet to be answered. To date, there has been no news of a bank being blown up.

PASTOR DELIVERS SERMON ON LOYALTY

NILES—"Loyalty Day" was observed at the Niles Congregational Church Sunday. Rev. R. C. Day, pastor, spoke on "Why Am I Loyal?" and "How Loyal Am I to My Church?"

Arrangements for the Christmas program were made by the young people's group, directed by Mrs. Kate Sladek.

Arts and Craft Guild Has Good Music Program

IRVINGTON—The largest attendance yet had at a meeting of the Arts and Crafts Guild of Washington Township was that at the home of Mr. and Mrs. Henri Salz Tuesday night, November 9, when an evening of Russian music, art and literature was enjoyed by the 40 present.

Numbers by the Eight Hand Piano Club, organized by Mr. Salz about two years ago and directed by him at weekly meetings, featured compositions of modern Russian composers and other artists. One of the most enjoyed was an original composition, a two-piano number written by Mr. Salz and played by Miss Marcella Norris and himself.

Ethel Grau gave a resume of the life and works of Pushkin, Russian poet and a paper on Russian art, written by Phoebe Ormsby, was read by Miss Dorothea Ormsby who also sang several Russian numbers, accompanied by Miss Arwinna Ormsby. "Russian Pattern," an original verse, was read by Gladys Williamson. Members of the Eight-Hand Club participating were Mr. Salz, Miss Norris, Mrs. Inez Silva and Mr. and Mrs. Dwight Thornburg.

Plans were made for the annual Christmas party to be held on Saturday night, Dec. 11, at the home of Mr. and Mrs. J. C. Shinn. The following committee was appointed to make arrangements: Ethel Grau, Mrs. Henry Salz, Mrs. J. C. Shinn, Mrs. C. B. Overacker, Gladys Williamson, D. R. Rees and Gladfred Viery.

The How and Why of the National Unemployment Census

A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt.

Here, in question-and-answer form, is the information you need to know about this plan.

- 1. WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS?**
To get an accurate count of the unemployed and partly unemployed.
- 2. TO WHOM WILL CARDS BE SENT?**
To every family in the United States.
- 3. UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN?**
Congress has decreed, and the President has directed, that it be taken.
- 4. IS THE CENSUS COMPULSORY?**
No. But every unemployed or partly unemployed person is urged to cooperate.
- 5. HOW WILL THE CENSUS BE CONDUCTED?**
Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
- 6. WHEN WILL THE CENSUS BE TAKEN?**
Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
- 7. WHO SHOULD FILL AND RETURN CARDS?**
Every person who is unemployed or partly unemployed who is able to work and wants work.
- 8. WHAT AGE LIMITS APPLY?**
There are no age limits except existing State regulations concerning workers' ages.
- 9. SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD?**
Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
- 10. WHERE MAY ADDITIONAL CARDS BE OBTAINED?**
At any post office or from your postman.
- 11. WHERE CAN INFORMATION BE SECURED IN FILLING OUT CARDS?**
At your post office or from your postman.
- 12. IS THIS CENSUS CONFINED TO AMERICAN CITIZENS?**
No. All permanent residents of the United States are included.
- 13. IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL?**
Yes. This information will be used for unemployment statistics only.
- 14. SHOULD EVERY QUESTION OF THE CENSUS CARD BE ANSWERED?**
Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
- 15. WHO IS AN "UNEMPLOYED" PERSON?**
A person of either sex or any color who is not working and is able to work and seeking work.
- 16. WHO IS A "PARTLY UNEMPLOYED" PERSON?**
A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
- 17. ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED?**
Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

The White House
Washington

TO EVERY WORKER:

If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.

Warm Springs
School Pupils
Go Sightseeing

WARM SPRINGS—A visit to San Francisco, including sightseeing trips on board a Dollar Liner, Fishermen's Wharf, the Yacht Harbor, Presidio, Golden Gate Park and other points of interest is described by Pearl Terry, reporter for Warm Springs School. She also mentions several new activities among the students in the following article written for The Register:

Miss Fay Childs comes to the Warm Springs school each Wednesday at noon and gives us an hour's tap dancing lesson. There are three groups, beginners, intermediate and advanced. We are learning a new dance for the community program.

Mrs. Dorothy Randall of Irvington has been made a playground instructor.

Mrs. Ebright visited us on Nov. 1. She used to be our school nurse. She came to help us get started with our Red Cross home hygiene course. Miss Barbara Bradley is our new nurse and she is teaching the seventh and eighth grades. The Red Cross furnishes our books.

Miss Jean Mosgrove is teaching the seventh grade how to make marionettes. We are going to have a puppet show at Christmas.

Miss May Davis is teaching the eighth grade to make wall hangings.

On Saturday, Oct. 23, the seventh and eighth grades, 29 in all, went on an educational trip to San Francisco. We went on board a Dollar Liner. Many thought this was the most interesting part of the trip as we were shown all over the boat by one of the officers.

Then we went to the Ferry Building where we saw one of the largest maps in the world. It is the map of California. Across the aisle from the map is a large scale model of the Golden Gate Bridge. The next thing we came to was the Fisherman's Wharf where we saw the fish restaurants and scores of fishing boats. There was also a gas station built just like a boat.

We then went to the yacht harbor where we saw many beautiful yachts. From there we got a wonderful view of the Golden Gate bridge. We also saw the Presidio where the soldiers are stationed. We saw soldiers drilling.

We went along the shores of the Golden Gate until we came to the two wrecked ships. As we were viewing the ships, we saw the Dollar Liner which we had visited coming under the Golden Gate Bridge and out through the Golden Gate. It was such a beautiful sight that many of the students rushed for their cameras to take a picture.

Then we drove on 'till we came to the beach concessions. Some of the children ate their lunches here. Mr. Maffey allowed us an hour to go on the concessions.

At the beach we saw the Gjoa, the ship Roald Amundsen used when he came to San Francisco by way of the North West Passage. From here we went through Golden Gate Park to the Natural Science Building, aquarium and museum. The students were much impressed by the wonderful things they saw. After this we went to the Fleishacker Zoo where we spent an hour.

As we passed the monkey cages, many funny personal comparisons were made. Then we started home.

HAD PARTS IN SCHOOL
ARMISTICE PROGRAM

CENTERVILLE—The following took part in the Armistice Day program at Washington Union High School: John Dusterberry, "What Price Peace"; taps and bugle calls; Lawrence Walcott; cast of play, "They Just Won't Talk"; Calvin Oliveira, Dolores Brown, Wesley Nunes, Peggy Wasley, Caroline Silva, Edna Leal, Virginia Scammon, John Ferrante, James Silva, Mildred Andrade and Norma King.

MRS. JOE BLACOW
WRITES OF NEW HOME
AND SURROUNDINGS

IRVINGTON—Several items of interest to old friends of Mr. and Mrs. Joe Blacow, formerly of Irvington, now residing at Susanville where Mr. Blacow is director of the department of commerce of the Junior College, have been "snatched" from a letter received by a friend here. The letter states in part:

"We have been unable to get a house as housing conditions all over this region are very bad. We are considered lucky to have a sunny, steam-heated, large apartment, but we don't like apartment living. We love the country and the people have been very cordial to us. Joe likes his work very much. This is the only Junior College around here and there is a great need for a good commercial department as the nearest would be Chico or Reno.

"I am coming home for Thanksgiving but Joe must attend Institute at Sacramento the first three days and will join me at Irvington on the 24th.

"We were at the base of Mt. Shasta last week end. Both Shasta and Lassen have beautiful new snow coats. We expect to ski this winter. This country gets into your blood! We were shown the spot where the bus tipped over and burned last winter, near Dunsuir. Joe and another instructor played golf at McCloud and I tagged around. The setting is beautiful, a surrounding of timbered mountains, little creeks and Mt. Shasta looking close enough to touch. Reno is 85 miles away and our big shopping center. I like the town but the shows at Susanville are better.

This town has a population of 6,000.

"We are going to the American Legion dance tonight and the Masonic dance Saturday night. In all, we are enjoying Susanville very much. It seems strange to be strangers at first but we have had some very good times with the combined faculties of the Junior College and the High School."

(Mildred Blacow.)

Whipple, chairman of Toyon Branch which recently celebrated its twenty-first birthday. Toyon Branch is only four years younger than the hospital itself and draws its members from all parts of the township.

Articles of special interest are regarding the new fluoroscope, recently presented to the hospital by the branches. This brings the X-Ray Department up to full efficiency.

An account of the anniversary dinner held at the Leamington Hotel on Oct. 3, which was attended by several of Toyon's members, is also given, as is a story of the Open House held in October and at which a number of junior members accompanied by regular members of Toyon Branch assisted with the serving and conducting visitors through the hospital.

Announcement is made of a new branch for the hospital, to be known as the Madonna Branch and to include all mothers whose children have been patients there. The membership fee is only \$1 a year and the special function of this new branch will be to disseminate knowledge about the hospital and its many advantages, particularly its sliding scale of fees, adapted to the ability to pay of those who need its services.

Mrs. William S. Kuder of 270 Monte Vista ave., Oakland, is editor, and Mrs. Minnie Culver Oliver, chairman of the branches. The writer of the first editorial explaining the purpose of the publication of "The Bambino."
